- Artificial Intelligence Intern - Refinement Software Solutions

# BHARATHI ANNADURAI

## OBJECTIVE

I am very interested in both Web Development and iOS app designing. I have hands-on experience in creating responsive websites using HTML, CSS, JavaScript, and tools like VS Code. I like building clean and user-friendly web pages with a good layout.

For iOS, I can design attractive and working app screens using Swift, SwiftUI, and Xcode. I follow the latest mobile design styles and focus on making the app easy for users. I also have basic knowledge of backend development and databases like Oracle and MySQL, which helps me build full working projects.

## EXPERIENCE

### AI Intern

#### Refinement Software Solutions, Coimbatore

- Completed an internship focused on Artificial Intelligence fundamentals and applications.
- Gained practical knowledge in machine learning concepts, model training, and data preprocessing.

## PROJECTS

iOS Calculator – Basic UI Application, Swift, Xcode, Designed and developed a calculator app UI using Swift and Storyboard. Practiced UIKit and layout constraints. Built responsive UI for arithmetic operations. iOS Register Form, Swift, Xcode, Created a registration form UI with name, email, and password fields. Used UITextField, UILabel, and navigation. Practiced layout constraints and validation.

Pooja Shop Website, HTML, CSS, Built a spiritual-themed multi-page website. Styled product cards and layout with Flexbox. Designed a contact form with input fields.
